## Income Limits

The KansasDPA Bond Program is income restricted and each household must be at or below the income limits that apply to the family size of the household and the area where the home to be purchased is located.

Program qualifying income includes the income of borrowers and their spouses (regardless of spouse’s occupancy of the primary residence and whether or not a party to the loan) AND any other person that is expected to live in the home and be secondarily liable on the mortgage loan.

Unless otherwise directed, Lenders are responsible for assuring that loans meet the strictest of Agency (FHA, VA, USDA-RD) and/or Kansas DPA Bond Program guidelines with respect to income and sales price limits.

Eligible Area	Non-Targeted Areas 1-2 Persons	Non-Targeted Areas 3+ Persons	Targeted Areas 1-2 Persons	Targeted Areas 3+ Persons
Kansas City MSA	\$103,100	\$118,565	\$123,720	\$144,340
Lawrence MSA (Douglas)	\$102,000	\$117,300	\$122,400	\$142,800
Nemaha County	\$101,700	\$116,955	\$122,040	\$142,380
All Other Areas	\$95,300	\$109,595	\$114,360	\$133,420

To determine the number of people in the household include everyone who will live in the home as their principal residence.

## CALCULATING INCOME

Program qualifying income includes the income of borrowers and their spouses (regardless of spouse’s occupancy of the primary residence and whether or not a party to the loan) AND any other person that is expected to live in the home and be secondarily liable on the mortgage loan. When calculating Program Eligibility Income, there are two types of income to consider - income from an employer and income from all other sources. Include all income unless specifically listed as excluded in this guide. **Calculating Income from an Employer**

Determine whether the Borrower receives **base pay only** or a combination of **base pay and additional income** from an employer.

### Calculate “Base Pay from an Employer”

#### Regular Hours/Pay

1. Determine frequency of income - weekly, bi-weekly, semi-monthly, etc.
2. Identify documentation needed to support payment frequency and calculation.
3. Apply Calculation - *(Base Wage x Hours Worked in a Pay Period) x (# of Pay Periods Per Year)*
4. This should approximate the annualized YTD on VOE or paystubs. If not, check for additional pay, such as overtime, bonus, shift differential, etc. (Employers don't always break this out on the VOE).
5. See additional guidance on calculating base pay from an employer.

Hourly pay	Bi-weekly pay	Semi-Monthly pay
Multiply the pay per hour by the number of hours worked per week. Multiply total by 52 weeks a year.	Multiply the bi-weekly pay by 26.	Multiply the semi-monthly pay by 24.
<i>Example:</i> 1. \$15 per hour x 40 hours a week = \$600 2. \$600 x 52 weeks a year = \$31,200 3. \$31,200 / 12 = \$2,600 gross monthly base pay	<i>Example:</i> 1. \$1,200 every two weeks x 26 pay periods a year = \$31,200 2. \$31,200 / 12 months = \$2,600 gross monthly base pay	<i>Example</i> 1. \$1,300 semi-monthly pay x 24 pay periods a year = \$31,200 2. \$31,200 / 12 months = \$2,600 gross monthly base pay

#### Irregular Hours/Pay

1. Annualize YTD Earnings total.
2. Average prior year’s earnings total, if available, (or provide documentation and explanation to support not using the prior year’s earnings.) Divide the resulting number by the number of months and days worked, and then multiply that number by 12 months to get total average pay from an employer.
3. See additional guidance on calculating base pay from an employer.

### Calculate “Additional Pay from an Employer”:

1. In the Earnings section of paystub or VOE, look for additional income earned that is not included in **base**. (Sick, vacation, holiday, etc. is generally included in **base**.)
2. Add up all additional income that is included in the YTD Earnings Total and not part of **base**.
3. Average prior year’s earnings total, if available, (or provide documentation and explanation to support not using the prior year’s earnings.). Divide the resulting number by the number of months and days worked, and then multiply that number by 12 months to get an average of **additional pay from an employer**.
4. See additional guidance on calculating additional pay from an employer.

**TYPES OF INCOME**

Determine if there are other sources of income, apart from wages from an employer.

**Wages from an Employer**

**Base Pay**

Definition/Inclusions	Exclusions
<p><u>Regular Hours/Pay:</u> Borrower is scheduled for the same number of hours per pay period. Gross salary or wage income from part-time, full-time, or seasonal work with regular hours/pay</p> <p><u>Irregular Hours/Pay:</u> Variable hours, seasonal work, etc., such as nursing, restaurant, construction, retail or part-time work with varied hours or pay.</p>	<p>Income no longer available</p>

**Guidance**

- Borrowers can't manipulate income (quit job, etc.) to become eligible.
- Include all income, including sick, holiday and vacation pay.
- Average current YTD and prior year's earnings total, if available, (or provide documentation and explanation to support not using the prior year's earnings.). The most recent federal income tax return may also be used for this purpose.
- Income documentation is required, and could include, but is not limited, to, paystubs, VOE, tax returns, W-2's, etc.
- Seasonal work requires the same documentation for variable pay as outlined above, but should also include any unemployment benefits, if applicable.
  - 1099s, tax returns, and/or verification from unemployment office to verify unemployment benefits

**Additional Income from an Employer**

Definition/Inclusions	Exclusions
<p>Income over and above base pay, such as overtime, shift differential, bonuses, profit-sharing, tips, commissions, etc.</p>	<p>One-time (non-recurring) income; i.e., income received once that does not have a history and is unlikely to reoccur in the future.</p>

**Guidance**

- Documentation of additional pay could include, but is not limited to, paystubs, VOE, etc.
- Annualize current YTD earnings total, if available, (or provide documentation and explanation to support not using the prior year's earnings).
- Annualize overtime (unless employer and income history verifies OT was for one-time, special project, etc.), commissions, bonuses, shift differentials, and sick/vacation/holiday pay (if not already included in base pay).
- Include all income that is included in the YTD Earnings Total on a paystub or on a VOE.
- Any income that is determined to not be included in YTD Earnings Total (for example, employer-paid benefits or matches, such as an HSA match) does not have to be included in the Program Eligibility Income calculation.
